

## Director of Development

Are you looking to make a real difference as the chief fundraiser? Are you looking to become a part of the senior management team, helping to drive national policy and programs?

If you are, we would like to hear from you. We are the Nonprofit Leadership Alliance. For over 60 years we have been the glue between nonprofit organizations, universities and students, helping nonprofits meet their workforce needs by connecting them with interns and entry-level employees from our college and university partners. Through co-curricular, campus-based programs, the Alliance offers the Certified Nonprofit Professional (CNP) Credential to our graduates. We help to ensure that students graduate with the competencies most desired by nonprofits when they hire professionals to further their cause. We have *certified* over 7,000 graduates, many of whom are now leading their respective organizations as Executive Directors.

We are embarking on a program to broaden our donor base from Kansas City to a National focus. As such, we are seeking people with background in thinking beyond a local area. The successful candidate does not *need* to be based in our Kansas City office. Strong preference will be given to people with a CNP Credential (previously known as American Humanics graduates).

The ideal candidate would have 5 – 10 years of experience and has worked for a national nonprofit organization or national nonprofit affiliate. He or she needs to be able to work independently *and* collaboratively. The individual needs to be articulate, forward-thinking, and have strong networking and writing skills. We desire a candidate who has demonstrated success and has insight into what has helped their successes.

Interested candidates should forward their interest to [Ashley.Tucker@NonprofitLeadershipAlliance.org](mailto:Ashley.Tucker@NonprofitLeadershipAlliance.org)
